EuFlex Technificent

## 1. Introduction ChatGPT

This training is ideal for organizations who want to make their first steps in the world of AI and ChatGPT.

### Part-of-day 1:

- Presentation introduction ChatGPT/AI
- Making your ChatGPT account and basic orientation
- Brainstorm about needs within your organization

### Part-of-day 2:

Based on your needs:

- Instructions on writing good prompts
- Introduction on writing and using GPT's

➤ Duration: 2 parts of 1 day

## 2. ChatGPT for Social Media

Learn how ChatGPT can be used for content creation on your Social Media channels. This training helps you generate creative texts for Social Media and writing great vacancy texts, which can be a time-saving tool for creating interesting and well-written content that fits your brand.

- Creating a corporate writing identity which fits your organization and target audience
- Making 2 GPT's for Social Media (LinkedIn & Instagram) or for vacancy texts
- Tips and tricks for posting and planning content

➤ Duration: 1 part of 1 day

➤ Requires basic knowledge of ChatGPT and at least 1 paid license.

## 3. Custom solutions

If you require different solutions or if you're more interested in a personalized service, our AI students are also available to be employed in your organization on a part-time basis to find a solution that fits your corporate needs. Feel free to contact us for this service.

## Why choose EuFlex Technificent?

EuFlex Technificent is your valuable partner when it comes to technical top talent. We are more than a recruitment bureau; we're an integral part of the Technical University of Eindhoven (TU/e). We're strategically placed within the bubbling heart of our campus, which allows us to have direct access to more than 7.000 highly-educated, interdisciplinary young professionals who are ready to help your organization excel in and with the newest technological innovations.

Choosing EuFlex Technificent means choosing the step ahead.
